Humpty Dumpty is trapped in a maze. The only way out is through a door but he is being chased by the most terrifying enemies... "The Fuzzy Wuzzies"! They have as allies the deadly snappers and have planted bombs throughout the maze.

Luckily for you there are a number of teleports in the maze and if you get to one of those you will be magically transported to another place in the maze away from your aggressors.

Humpty Dumpty moves simply through gravity so that where possible he will fall down until he bumps into something. Turn the screen in the right direction and you will be able to guide Humpty passed his enemies, to the door.
